

B-3180 - B-3186  
204-232 Churchill St. (North side)  
Baltimore, Md.  
Private access

1860-1880

Most of the small houses located along the north side of the 200 block of Churchill St. are two stories in height and two bays wide with shed roofs and late Victorian brick and metal cornices. They originally served as carriage houses for the houses to the rear facing on Montgomery St. but have since been remodeled as residences. An exception is the group of houses at 226-232 Churchill St., which are two story, gable-roofed houses typical of the type of small gable-roofed house built for a working class market in the 1850's and 1860's.

This pair of two story, two bay brick houses with shed roofs was originally built as a carriage house. 206 E. Montgomery St. has been covered with formstone.

The houses are two stories in height, 12' wide, and occupy lots 58' deep. 204 Churchill St. has a new two story high, two bay deep rear addition; 206 Churchill has a one story high, two bay deep frame addition with a one bay deep second story. The facade of 204 Churchill St. is new and is constructed in running bond. The facade of 206 Churchill St. is covered with formstone. The shed roof is capped by a late Victorian brick and metal cornice. Each house has a hooded chimney located at the north end of the house.

204 Churchill St. has new vertical stretcher lintels on the window and door openings; the sills are brick headers. The original treatment of the lintels and sills at 206 Churchill St. has been hidden by the formstone covering. The window openings at 204 Churchill are filled with new 6/6 double hung sash; those at 206 Churchill are filled with 1/1 double hung sash. 204 Churchill has a modern six panel door; 206 Churchill has a multi-light glass and panel door. Both doors are set beneath single light transoms. The houses sit on low basements, the entrances being reached by two brick steps each. Each house has a low rectangular basement opening located beneath the first floor window.

BUILDER/ARCHITECT William Addison

## STATEMENT OF SIGNIFICANCE

This pair of alley houses is representative of a type of former carriage house or garage which has been converted to residential use. Most of the structures along this side of Churchill St. were originally carriage houses used by the residents of the corresponding property along Montgomery St., of which these lots were the rear sections. This particular block of Churchill St. has long been of interest to renovators and most of these former carriage houses have been turned into attractive dwellings.
